

The Way

Bible studies about Discipleship

Leen la Rivière is a pioneer in the arts. And he is the founder of the European Continentals, Young Continentals, the Christian Artists Seminars, the Int. Association of Christian Artists, etc. He wrote many books, brochures and articles for magazines. He speaks at seminars, congresses, in churches and halls. Why this concern to put this book together?

Artistic quality must be balanced by biblical content. That content is coming from a personal faith in God and the meeting of Jesus Christ.

This book takes you on that journey. Everybody who wants to minister by music, will find the right preparing elements. This book is based on 30 years of experience.
